

In this market, we totally understand that a smart consumer will shop around looking for the best price, best deal and best product brands that suits your requirement. Well, most of the time the lowest price is not necessary the best deal. Here are **"Eight"** good reasons for choosing us and how we are different from others

COMPLETE SOLUTION FROM A SINGLE SUPPLIER

We do the integration for you. Hassle free and no need to worry about technical support and warranty coverage.

WE DO NOT JUST SUPPLY EQUIPMENTS, WE SUPPLY SOLUTION

We listen carefully to our customer's requirement and budget allocation. Then we advise customer to help them select the right equipments to form a complete solution.

GOOD TECHNICAL SUPPORT

Our technician is always available over the phone or in showroom to answer any questions that customer might have. We also have product specifications are made available to download.

QUALITY PRODUCT

We use our 10 years of extensive technical experience and knowledge to select and design the best value quality product for our customer. All our products undergo Quality Control before selling to customer.

STRONG DOCUMENTATION

We are continuously producing specification, schematic, application note for all our products - extremely useful when submitting for big project or just for customized presentation to end customer.

FAIR PRICING

We deal direct with manufacturers therefore our cost is minimised, making our products easily affordable by many people.

REPAIRING SERVICE

We maintain complete spare parts and have a dedicated repairing department. Products that are broken (beyond warranty) can be repaired with a small fees.

CREDIBLE ESTABLISHMENT

We have been around in the security industry for 10 years and we are here to stay. BELCO SECURITY SDN BHD is a well established company with rock solid credibility.

We want our customers to have full confidence and peace of mind when buying from us so that they can concentrate on what they do best - finding more business and making more money.
