

Junction Mount	Pole Mount
PFA122	PFB122 + PFA152
 <p>A technical line drawing of a junction mount. It shows a camera lens assembly with a lens and a mounting bracket. The assembly is mounted to a ceiling junction where two beams meet at a 90-degree angle. The mounting bracket is attached to the underside of the beams, and the camera lens assembly is suspended from the bracket.</p>	 <p>A technical line drawing of a pole mount. It shows a camera lens assembly with a lens and a mounting bracket. The assembly is mounted to a vertical pole. The mounting bracket is attached to the pole, and the camera lens assembly is suspended from the bracket.</p>
